**About TICAP**

We are regional, national, and international organisations, now bound in solidarity against the damaging prohibitions which in most cases serve to enrich special interests through scientific fraud and political manipulation, where adults are treated as children and freedom of choice is brushed aside

# Invitation

You are kindly invited to participate to the

## 2nd World Conference against Prohibition: "ARE GUESTS WELCOME? PROHIBITION AND THE HOSPITALITY INDUSTRY"

**The Hague, 15 March, 2010  
Nieuwspoor Press Center**

### Conference Topics:

- Smoking bans, also with regard to hookah/shisha smoking
- Alcohol and food
- Public health ideology and the anti-smoking movement
- Political fight against prohibitions

### Speakers include:

- Dr. Kamal Chaouachi, tobacco researcher and consultant
- David Goerlitz, actor, former tobacco control frontman
- Dr. Patrick Basham, director of the Democracy Institute
- Dr. Michael Marlow, professor of economics
- Michael McFadden, author and activist
- Christopher Snowdon, historian and author (conference chair)

### Conference Aims:

- Legislative solutions that are respectful of people's lifestyle choices.
- Promotion of active and effective political participation of the target stakeholders, including business and consumers, in political decisions that affect them.
- Ending the use of pseudo-science to establish and justify policies, political actions and laws that are corrupted by ideological or commercial agenda.
- Reinstatement of the fundamental principle that the body belongs solely to the individual and not the state, and that longevity of life should not compromise quality of life.

**By attending to this Conference YOU can make the difference!**

**There will be no charge for attendance.**

The cost of travel, hotel accommodation and meals will be care of the participants.
